

Catering facilities at Swanland Village Hall

A fully equipped kitchen is available for users who want to provide food either by themselves or through external caterers. The Village Hall does not provide food or drink catering.

Please note that the Village Hall cannot provide a list of recommended caterers but you can search on-line e.g. for *Caterers Hull* or *Caterers East Yorkshire* or look in *Yellow Pages* – there are plenty of local caterers available and using them together with the hall hire can be a very cost effective option when looking for a wedding or party venue.

Licensing Information. The village hall is licensed for the consumption of alcoholic drinks but not for their sale so if you are thinking of having an event that involves the sale of alcoholic drinks you will need to obtain a Temporary Events Notice. This is a simple on-line procedure. If you are hiring in a cash bar the bar provider will normally do it for you.

The village hall is licensed for **Live Entertainment** but the hirer must ensure that any electrical or electronic equipment used has a **valid PAT certificate** and entertainers have a valid **Public Liability Insurance certificate**.
